## Press Release

**“Valiant Advanced Sciences Private Limited, a wholly owned subsidiary, commences commercial operations at its new state-of-the-art greenfield manufacturing facility in Saykha, Gujarat.”**

Valiant Advanced Sciences Private Limited, a wholly owned material subsidiary of Valiant Laboratories Limited, has commenced **commercial operations** at its **new state-of-the-art greenfield manufacturing facility** located at **Saykha GIDC, Bharuch, Gujarat on November 07, 2025**. The commissioning of this facility represents a major milestone in strengthening backward integration, diversifying product portfolio, and establishing a presence in the speciality chemicals industry.

The plant specializes in the production of **Acetic Anhydride**, a key chemical under the **Ketene and Diketene derivatives** category, which caters to **both domestic and international markets**. The facility has been established with a substantial **investment**, funded in part through the **proceeds of the Initial Public Offering (IPO)** of **Valiant Laboratories Limited**, and is equipped with **state-of-the-art manufacturing technology and a dedicated R&D setup** to support future product development and innovation.

### **About Valiant Laboratories Limited:**

Valiant Laboratories Limited is a specialised pharmaceutical company focused on manufacturing high-quality Active Pharmaceutical Ingredients (APIs), with a strong presence in the Paracetamol API segment. Our reputation as a reliable and quality-driven supplier is built on our ability to respond to evolving global healthcare needs with consistency and precision. From humble beginnings in 1980 to becoming a prominent Indian manufacturer of Active Pharmaceutical Ingredients, Valiant Laboratories has been defined by its ability to adapt, strengthen and progress. Specialising in Paracetamol API, we have built a legacy of trust, quality and innovation that continues to guide us through evolving market landscapes.
